

General Comments:

I would try to reduce wordiness of some of your slides, and try to avoid complete sentences in bullet lists

Slide 4: I would change bullet two to specify produced in p+p collisions and have balanced transverse momentum

Slide 4: "where jet quenching doesn't occur" to something like "where jet quenching is minimal"

Slide 6: please put the label "sPHENIX G4 Sim" on the figure itself

Slide 7: please put the label "sPHENIX G4 Sim" on the figure itself

Slide 7: please modify the figure so that the x-axis extends from 0-2

Slide 8: please put the label "sPHENIX G4 Sim" on the figure itself

Slide 9: please put the label "sPHENIX G4 Sim" on the figure itself
