

**National  
Nuclear Physics  
SUMMER  
SCHOOL**

**July 9-22**

**2017**

**University of Colorado  
Boulder, CO**

*Lecture Topics*

Organizing Committee

E. Kinney

J.L. Nagle

D.V. Perepelitsa P. Romatschke

Lattice QCD

Neutrino Physics

Nuclear Structure

Electron Ion Collider

String Theory & QCD

Nuclear Astrophysics

Hadron Spectroscopy

Relativistic Heavy Ions

Jefferson Lab Program

Fundamental Symmetries

Hadron Partonic Structure

Neutrinoless Double Beta Decay

Applicants should prepare a single PDF file with CV, publication list, and research statement. This file and a letter from the research supervisor should be sent to:

***nnpss2017@colorado.edu***
