MEMORANDUM FOR KURT FISHER

DIRECTOR
OFFICE OF PROJECT ASSESSMENT

FROM: MICHAEL PROCARIO
DIRECTOR, FACILITIES DIVISION
OFFICE OF HIGH ENERGY PHYSICS

SUBJECT: Request to conduct an Independent Project Review of the High Luminosity-Large Hadron Collider A Toroidal Large Hadron Collider Apparatus Detector Upgrade Project

I request that your office conduct an Independent Project Review of the High Luminosity-Large Hadron Collider (HL-LHC) A Toroidal LHC Apparatus (ATLAS) Detector Upgrade Project at Brookhaven National Laboratory (BNL). The purpose of the review is to assess the project's status and progress since the last Department of Energy review, held on February 21-23, 2024, at BNL. This status review will be held on March 25-27, 2025, at BNL with Zoom video access available.

Your review committee is requested to perform a general assessment of the project's progress, status, and the identification of potential issues and address the following questions:

1. Is the project making adequate technical progress to ensure that the completed project will perform as planned and the key performance parameters will be met?
2. Are the resource-loaded schedule and the estimate-to-complete up-to-date, accurate, and credible?
3. Does the project understand its dependencies on outside resources such as international collaborators, funding from other agencies, and participation by researchers with other funding sources?
4. Are the major procurements being managed successfully?
5. Is Environmental Safety and Health being handled appropriately?
6. Has the risk analysis been updated to reflect the real risks of completing the project and are the contingencies acceptable?
7. Has the project satisfactorily responded to the recommendations from previous reviews?
8. Are there any other significant issues that require management attention?

As Program Manager for the HL-LHC ATLAS Detector Upgrade, Dr. Athanasios Hatzikoutelis will serve as the contact person for the Office of High Energy Physics for this review.

We appreciate your assistance in this matter. As you know, these reviews play an important role in our program. I look forward to receiving your committee's report.
